An Enraged Husband Shooting that day in order to his Wife and her Betrayer.

WYTHEVILLE, VA., Oct. 25 .- Mr. Frank Allison, a well-known merchant of Woodland, Carroll county not long ago took a young man by the name of Hawks as a partner in his business. They kept a country store. Recently Allison began to suspect that Hawks was too intimate with his wife, and on Monday he set a trap by which he fastened the guilt on both of them beyond doubt. He told his wife on Saturday morning that he had to go away to attend to some business and would not be able to get back before Tuesday night. Instead of going away he secreted himself until night. He returned to his house after bedtime, and entered the room occupied by Hawks in the rear part of the store, which building was in close proximity to his residence. Here he discovered his wife and Hawks together, and drawing a revolver killed Hawks instantly, and shot his wife through the breast and abdomen, mortally wounding ber. He left their bedies on the floor, and surrendered himself. Hawks was about 25 years of age, and Mrs. Allison 33. The young man was handsome and very popular, and all parties in the affair belong to the first families in this section of the State.
